

Digital Business Master Class

7-18 March 2022

Aalto University

Welcome to Digital Business Master Class!

Update your knowledge of digital business and technology while building your international competences and project management skills

Digitalisation offers endless possibilities for doing our work better. From financial technology to maintenance processes and customer relationship management, digital business solutions offer ways to work more efficiently and reach results that would never be possible with traditional means.

Our mission at this Master Class is to give you the tools to understand the exponentially changing global business environment. The course is a combination of expert lectures and peer learning.

According to DBMC alumni, sharing experiences with a global cohort and applying knowledge in the business cases are their favourite parts of the course. Experience Aalto University, update your skill set and prepare for invigorating international encounters!

Looking forward to seeing you in March!

Digital Business Master Class

Digital Business Master Class is an interactive and fast-paced graduate-level course (6 ECTS) focusing on digital technologies as tools for building businesses. During the Master Class, students learn how companies transform their processes and systems by implementing digital technologies. Concepts covered include platforms and ecosystems, business design thinking, data-driven marketing, digital value creation, data-intensive business and agile development methods.

Challenge-based learning is an integral part of the Master Class. Students work on company projects in international and multidisciplinary teams. The projects are done in collaboration with partner companies, ensuring that the themes are relevant to the current business environment.

Practical arrangements

Application period

18 Oct 2021 - 7 Jan 2022

db.aalto.fi

The DBMC is a highly facilitated and interactive course where students are encouraged to participate in discussions, share their ideas and work together. Company projects around digital topics ensure challenge-based learning and international and multidisciplinary teamwork.

The classes are held at 9-12 from Monday to Friday. Classes include expert lectures, case examples and workshops.

In addition to working on their digital business skills, participants get valuable experience of multidisciplinary teamwork and build their international communication skills.

Course workload

Pre-work, 7-18 February

- 10h Pre-work exercise
- 10h Project work
- 30h Class preparation

Lecture weeks, 7-18 March

- 40h Contact hours
- 10h Class preparation
- 30h Project work (group work)

Post-work, 19-25 March

- 20h Project reporting (group work)
- 10h Post-course reflection

Total: 160h (6 ECTS)

The course is graded on a scale of 0–5, where

0 = fail 1 = poor 2 = satisfactory

3 = good 4 = very good 5 = excellent

Student testimonial

“My favourite thing about the DBMC was the business project. Like-minded yet such culturally diverse people coming together to solve our client’s real business challenge was absolutely priceless. In my team alone, I worked with someone from Mexico, Finland, Japan, and India! Working on the project gave us the opportunity to apply not only our own business acumen but also what we learned on a daily basis through the DBMC classes. I can definitely recommend the DBMC to anyone interested in digitalization and international environments.”

Francesco Spolaor
Norwegian School of Economics
DBMC 2020 alumni

An intensive course is a great opportunity to combine academic ambition and career development with an unforgettable experience in Finland.

Social Program

Getting to know fellow students and business professionals from around the world is one of the best things about study abroad experiences. DBMC social program offers the perfect opportunities for networking and exploring Helsinki together with your new friends. See some examples of our activities below!

Welcome evening in Helsinki

Get to know the other course participants! After kicking off the course in class, the whole DBMC group gathers in central Helsinki for a relaxed welcome event.

Business excursion

How do some of the best companies apply digital technologies in their operations? Get to know a new organisation and hear real case examples of how digital technology impacts business.

Tour of Suomenlinna

Learn about Finnish history and enjoy the crisp sea air at the old fortress. Perhaps stay for a snack or visit the island brewery while you are there?
