

# Enrolments Fact Sheet – Spring 2021/22

## January bidding period

### 1. OVERVIEW OF THE BIDDING AND ADD-DROP PERIODS

The Bidding Platform supports the enrolment process for master's students at Nova SBE. The enrolments for each semester start with one or two bidding periods, followed by two Add/drop periods during the first week of each trimester classes, where students have the opportunity to add and drop classes provided there are available seats.

The Bidding system was designed in a way that students do not need to rush their bids. **This is not a first come/first served process, so there is no advantage in enrolling early and no guarantee that students will be enrolled in all their requested courses or modules.** Nevertheless, it is not advisable to leave it to the last hours, as it may take some time to get acquainted with the bidding platform and place your bids successfully.

Only students who are officially enrolled will obtain a grade at the end of the term. **No changes will be accepted after the after each enrolment period.** Students who do not carry out their courses, nor comply with course assessments including exams, will see their course status as a Fail. **This will appear on the final transcript.**

It is essential that students consult the “**Enrolments – The Guide**” and “**Enrolments – a Closer Look**” for key details on the bidding and add/drop processes, requirements per program or courses and other information.

### 2. BIDDING PERIOD GENERAL INFORMATION

#### 2.1 Bidding Period, Students Eligibility and Offer

Students	Offer available to bid
Regular Master students	Master course electives Mastering Your Career (MYC) sessions Courses with separate registration: <ul style="list-style-type: none"> <li>2620 Special Course: L'Oreal Brandstorm Competition</li> </ul>
