## Microsoft Excel Practice Tests

Preparation is important for success in most things in life and this is especially true when it comes to passing a Certipoint certification exam. One of the best ways to prepare for certification success is to use Practice Tests.

Our Practice Tests map to the official exam objectives and are in-application or performance-based simulations to provide the best assessment of real world

Practice Tests are available for Microsoft Excel Associate exam

Practice Tests are available for Microsoft Excel Expert exam

Note: Office installation must be in English

## Practice Tests That Work

- Accurately replicates the testing environment
- Enhances learning through self-paced practice questions
- Builds familiarity with the testing environment
- Increases confidence towards certification exams
- Better prepares students to pass certification exams

## Benefits for Students

- Allows student to progress at their own pace and save a test to resume later or return to skipped questions.

- Access to an online dashboard to track their progress and receive a detailed, printable score report highlighting areas requiring further review

### Two Test Modes

- Students experience the testing environment by performing scenarios similar to the actual certification exam

- Students work at their own pace as they receive feedback and step-by-step instructions for each question

## Prices

- Excel Practice Tests: 40,00€
- Excel Expert Practice Tests: 45,00€

\* Single Application licenses are valid for up to 30 attempts during a one year period.

Order your simulator using the email in this brochure and see how easy and fast it is to become Microsoft Excel certified
